Data Sheet

DIGITUS Layer 2 SNMP managed Switch

24 Gigabit SFP ports + 2 shared RJ45 ports 19" rack mount

Artikelnummer **DN-80233**
EAN **4016032252825****Logistik:**

Verpackungseinheit (Stk)	1
Gewicht (kg):	6
Verpackungseinheit Karton (Stk):	4
Karton Gewicht (kg):	24

Beschreibung:

DIGITUS Stackable Gigabit Ethernet 20 SFP port Switch, 4 Combo ports

The DIGITUS Stackable Switches are optimized for telecommunication businesses with high flexibility. The support of the Simple Network Management Protocol and the Remote Monitoring standard is the easy way of integration into the existing network and the existing surveillance software. The Stackable Management ability makes the administration of your network more efficient. The Quality of Service function allows a dynamic bandwidth usage. The Flow-Control and the integrated Access Control List (ACL) ensure a safe data transmission. Four Gigabit combo ports, where RJ45 ports or fibre SFP ports can be chosen to use offer enough power for now and for the future.

- Flow Control technology
- Auto MDI / MDI-X function
- 16K MAC addresses
- 9KB Jumbo Frames
- 1MB buffer memory
- QoS support
- Port Mirroring for efficient network surveillance
- Port Trunk for Bandwidth Aggregation
- 4 Gigabit Combo Ports (RJ45 or Fiber SFP modules)
- Management via web or telnet.
- SNMP, RMON support
- Suitable for 19" rack mount
- Access Control List (ACL)
- VLAN for Performance and Security
- Stackable Management
